Chayanin Preechapanij

ICT Student | Seeking a Developer Internship

Bangkok, Thailand | chayanin.pre@mahidol.ac.th
Portfolio: cynmark.github.io/resume/

PROFILE

ICT student at Mahidol University with practical web development experience through a restaurant website and a personal portfolio. Seeking a developer internship to apply programming and database skills, solve practical problems, and learn within a development team.

TECHNICAL SKILLS

Languages: Python, Java, JavaScript, SQL
Frontend: HTML5, CSS3, responsive design, DOM manipulation
Database & services: PostgreSQL, Supabase Authentication, Supabase Storage
Integration: CRUD operations, API integration via the Supabase JavaScript SDK
Tools & deployment: Git, GitHub, GitHub Pages, Cloudflare Pages

PROJECTS

Khao Tom Peng Peng - Restaurant Website

HTML5 | CSS3 | Vanilla JavaScript | Supabase | PostgreSQL | Cloudflare Pages

- Built a responsive restaurant website with a dynamic menu, recommended dishes, search, and category filtering.
- Added a cart price calculator, favorites, and a photo gallery.
- Implemented an admin dashboard for menu and gallery management using Supabase Authentication, Row Level Security, and Storage.

Live demo | github.com/cynmark/khaotom-pengpeng

Personal Portfolio Website

HTML | CSS | Vanilla JavaScript | GitHub Pages

- Developed a responsive, two-page portfolio with section navigation, persistent dark mode, and a downloadable resume.
- Created a contact form that prepares an email draft in the visitor's email application.
